

First Empire Coffee Pot

300 EUR

Period : 19th century

Condition : Très bon état

Material : Silver metal

Description

Beautiful silver-plated baluster coffee pot from the 1st Empire period decorated with palmettes and a frieze of water leaves. The spout forms a dragon's head. The coffee pot rests on a tripod base finished with lion's paws. The handle is made of wood. Two goldsmith's hallmarks are visible. The coffee pot has a beautiful proportion and a very fine patina. Two very beautiful Empire period porcelain cups with geometric decorations in gilding of flowers and palmettes are included. Dimensions of the coffee pot: 24 cm high
Dimensions of the cups: 8 cm high / 12 cm diameter (with saucer)
