Description

Victorian style tilting top pedestal table - 19th centuryElegant tripod pedestal table with a round tilting top, in black lacquered wood, decorated with a magnificent hand-painted floral motif. The turned and carved base rests on three curved legs. This type of table, both functional and refined, is part of the Victorian taste of the 19th century, influenced by orientalism and the Art of lacquer. The tilting mechanism is original and perfectly functional. This pedestal table can be used as a side table or as a decorative piece.Dimensions: Height: 72 cmTop diameter: 46 cmCondition: Good general condition, with some traces of time on the lacquer. Period: Second half of the 19th centuryOrigin: Probably England or FranceShipping possible / International delivery on quote.
