Description

We are pleased to present an exceptional set of three hand-carved wooden panels from Indochina (Vietnam), dating from the early 20th century. These exceptional pieces demonstrate the authenticity and refinement of traditional Asian craftsmanship. Description of the Panels: Each panel features a delicately carved bas-relief depicting a pair of distinct birds, artistically carved in a naturalistic setting. The birds are beautifully staged amidst lush vegetation, delicate flowers, and rich foliage, typical of the region's flora and fauna. The floral and animal composition reflects the beauty and harmony that characterized the Asian aesthetic of the time. The intricate plant decorations blend perfectly with the shapes and attitudes of the birds, creating a natural scene that is both serene and full of life.
