Description

Large painting depicting a path skirting a small pond and running alongside two small farms, all under a threatening sky, a typical atmosphere of this artist. This painting was created by Caffin, a painter from Limousin. It bears the artist's signature at the bottom right. This pretty countryside landscape is sold with a beautiful dark lacquered frame and decorated with a wide gold-colored border. We would like to point out that a second painting by the same painter, a counterpart, is for sale in our gallery; its frame is also identical.
