## Description

This pair of display cabinets, dating from the 1950s, is a perfect example of the elegance and functionality of the design of the era.Crafted from brass and elm burl, it offers a unique combination of luxurious materials and refined details.The front of each cabinet opens fully thanks to a door equipped with a lock, ensuring the security of the exhibits.The interior is furnished with two glass shelves, allowing for optimal display of precious pieces.These cabinets rest on a rectangular elm burl base, topped with a frosted glass pane.This base conceals an electrification system consisting of four neon lights, which illuminate the exhibits and highlight their beauty.The cabinets are not only decorative objects but also practical tools for displaying valuable items.Their clean design and quality materials make them a valuable addition
