

Three Ancient Gold Children's Rings. Roman, 1st - 2nd Century Ad.

5 300 EUR

Period : Before 16th century

Condition : Bon état

Material : Gold

Description

Three ancient gold children's rings. Roman, 1st - 2nd century AD. The largest gold ring is set with a garnet intaglio with a male figure, it measures 1.3 x 1.1 x 0.6cm and weighs 1.6 grams. The second gold ring is set with a low cabochon emerald, it measures 1.3 x 1.1 x 0.5cm and weighs 1.1 grams. The smallest gold ring is set with a garnet intaglio of an amphora, it measures 1 x 0.8 x 0.5cm and weighs 0.8 grams. These incredibly precious, tiny rings are all too small to wear and do not fit on a ring stick; however, they would be beautiful worn as an ensemble on a necklace or displayed as exquisite miniature works of art on the included display stand.
