Description

This elegant Dutch Rococo-style chest of drawers captivates with its soft, curved lines and the authenticity of its natural wood. Made of waxed walnut, it opens onto three generous, beautifully molded drawers, combining charm and functionality. Its marquetry-style wood veneer top adds an extra touch of refinement, while remaining understated and warm. A slight discoloration on one side, due to the passage of time and the sun, gives it the lively, sincere patina that only beautiful antique pieces can achieve. A piece of character, ideal for bringing a touch of classic elegance to a contemporary or antique interior.
