Hunting Spear, Naval Pike? France 19th Century

750 EUR

Period : 19th century

Condition : Bon état

Description

Hunting spear, naval pike? France 19th century Short spear that I think is a naval pike. However, I have not been able to match it to any standard model. Perhaps then it is a merchant marine pike or a hunting spear. For any shipping or delivery, please contact me first. Length 163.5cm Blade length 24cm Weight 1210gr
