

Vintage Baccarat Crystal Bottle Talleyrand Model

100 EUR

Period : 20th century

Condition : Bon état

Material : Crystal

Height : 23

Description

The Talleyrand model can be described, in simple terms, as a "variant" of the famous Harcourt model: the same heavy crystal with 6 wide facets on a conical body resting on a wide circular base. This model was introduced into the Baccarat catalog in 1933 and continued to be produced until the end of the 20th century. The original stopper of the Talleyrand bottle is round and flat; in this case, the bottle has a stopper, also Baccarat, but corresponding to the Harcourt model, making it a replacement stopper for the original. Mark clearly visible on the bottom, slight signs of wear but no major defects.
