Description

Pair of silver candlesticks resting on a flat circular base, decorated on the periphery with a frieze of flowers on the ogee and highlighted by a slight central depression. The central pedestal, decorated with a frieze of water leaves, supports a hexagonal columnar shaft widening slightly towards the top. The sides of the shaft are finely engraved with aquatic plant motifs, and the base rests on sculpted faun legs in its lower part. A ring chased with a frieze of water encircles the base of the socket, which takes the form of a Medici vase, decorated with fan-shaped gadroons and water leaves. The two candlesticks are accompanied by their original bobèches.
