950 EUR

Period : 20th century

Condition : Bon état

Material : Silver metal

Description

This pair of silver candlesticks, crafted by Thomas Bradbury & Sons Ltd in 1918, exemplifies the elegance and craftsmanship of early 20th-century silverware. Created in Sheffield, a city renowned for its silver production, these candlesticks are a testament to the high quality and artistry associated with the period. The candlesticks are hallmarked, ensuring their authenticity and providing valuable information about their origin and date. Measuring 23.5 cm in height and with a base diameter of 11 cm, reducing to 5.5 cm, these candlesticks have a classic and balanced design that would complement a variety of interior styles. With a combined weight of 1135 grams, the candlesticks are substantial, providing stability and a sense of luxury. The weight and

craftsmanship suggest they are made of solid silver or have a weighted base, which was common for candlesticks of this era to ensure they stand securely. These candlesticks would make a sophisticated addition to any dining table or mantelpiece, offering a touch of timeless elegance. Their historical significance and refined design make them ideal for collectors of antique silver or those looking to add a touch of classic style to their home decor. Whether used for special occasions or displayed as decorative pieces, they are sure to be admired for their beauty and craftsmanship.
