Description

Beautiful large hammered copper vase by the famous WMF manufacturer. A typical piece of the Jugendstil movement in Germany, this large copper vase is entirely hand-hammered, which gives it very bright reflections in the sun. It is enhanced by 4 large brass plant stems with volutes at the base. Beautiful combination of colors and materials in a truly art-nouveau spirit. 39 cm high, very good condition, signed with the "ostrich" stamp under the base (WMF signature). Sought-after piece, sold in the room several times (see last photos). Beautiful art-nouveau piece, very beautiful on a nice piece of furniture.
