

Miniature Bronze Medallion Of The Virgin And Child Jesus

60 EUR

Period : 20th century

Condition : Parfait état

Material : Gouache

Diameter : 5.8 cm

Description

The iconographic theme of the Virgin breastfeeding the child Jesus refers to the dual nature of Christ, human and divine. It is a recurring image of the Catholic religion which is here made in gouache on cardboard and placed in a round gilt bronze medallion frame with a beaded edge and heart-shaped decorations, its glass is convex and it dates from the end of the 19th century while the miniature seems later to me.
