Description

Cylindrical in shape, here is a very curious mirror. In light brown silk moire, very beautiful embroidery work with silver and gold thread (perhaps brass), on the border, the outer cover, and the back of the item. In the center, a round mirror, whose cover, in cardboard and painted paper, attached by a cord closes access, it seems to ward off the evil eye. Excellent condition it seems, I did not see any major defect, except for a little wear on the moire. Oriental working, probably Turkish dating from the second part of the 19th century. Dimensions: Diameter 22.5cm Mirror diameter 16cm Height approximately 5cm. SHIPPING CONDITIONS BELOW FREE shipping in France, European Shipping and payment only, please send me a message..
