Description

Antique necklace made of pearly white oriental cultured pearls, spaced every four pearls by a round hematite pearl. The clasp is in yellow gold, accompanied by its safety chain with spring ring. Period: 20th century Main material: yellow gold, 750 thousandths, 18 carats Proportions: Length: approximately 55 cm, diameter of the pearls: approximately 3.5/4 mm. Net weight: approximately 15.1 g. Authentic antique jewel - Work from the 1960s. Our opinion: The contrast between the whiteness of the cultured pearls and the dark gray and shiny shade of the hematite pearls is very elegant. A cultured pearl necklace that is both classic and original. To find out more Discover the product sheet of this Cultured Pearl and Hematite Necklace online.
