Description

Magnificent set of four serving cutlery, presented in its original box signed Weistroffer Bijoutier, Uzès. This box contains: o a pie or fish server, o an openwork spoon, o a cheese or cake server, o a serving fork. Each piece is finely decorated with floral motifs typical of the Art Nouveau style, with delicate and refined chiseling work. The design of the handles, adorned with raised flowers, brings a timeless elegance to this set. The metal is hallmarked (visible in the photos), attesting to the quality of the silver plating. Very good overall condition with a lovely patina of time. The box shows signs of external wear, but the velvet and satin interior is well preserved. A rare and refined set, ideal for collectors or for a festive table.
