Description

- Oil on copper.- Fantastic composition by a Flemish artist who transfers a very popular naturalistic theme in Dutch painting (De Hooch, Ferdinand Bol) to the Catholic world, transforming the child into the Virgin Mary. The elegant sfumato that fixes the golden halo to Mary's head, and the exquisite work demonstrated in the representation of the child's hair and textiles reveal a masterful hand for always meticulous painting on copper. A first-rate work of art, presented in a magnificent state of preservation and in a rich custom-made frame.-
Dimensions of the image without frame: 32 x 24 cm / 56 x 48 cm with luxury frame.
