Description

A beautiful pocket watch...FRENCH origin...The brand is in the thickness of the movement...To read it I have to go to the watchmaker...!Only inscriptions like...Numbers and notations like copper...Gold plated for the case...With a hunter's decor with his dogs in gold chiseled on steel...The glass is beveled...And red enamel inside...It's an eight-day...With several dials...In addition to the hours and minutes...A dial for the seconds and the revolution of the moon...The dial disc has suffered a little...Otherwise there is a dial for the day, one for the month and one for the date of the day...All its dials work...Small defect on the day dial...They are adjusted by mini pushers in the rounded part of the case...Of course in working order...Some defects and wear from use...Inside on the mechanism some rust spots...A crack on
