Description

Joël Dabin. Oil on canvas "the houses of the island of Sein" signed lower right Joël Dabin. Titled and dated on the back "Les Maisons De l'iLE de Sein". April 54. On the back of the canvas is the address of the painter's studio in Nantes. Joël Dabin (1933-2003), from the 1950s, was interested in the painters of the New York School (USA) who invented abstract expressionism and action painting. He himself very early embraced the ideas of these new artistic movements and became a fervent artisan. The large number of national and international galleries that welcomed the artist to exhibit his works only validates the critical success he had during his lifetime. A contemporary of Bernard Buffet (1929-1999), Joël Dabin has nothing to envy his famous colleague
