Beautiful pair of Louis XIV style armchairs in waxed natural wood. Each armchair rests on four console legs, the two front ones are finished with an acanthus leaf. The four legs are connected to each other by an H-shaped crotch, formed of six consoles joined together. The siderests and the supports are very lively and also decorated with beautiful acanthus work. A small old repair, perfectly executed, should be noted at the level of an armrest support, this one is barely visible and has no impact on the solidity of our seat. (the price takes this into account). The backs are high and flat; the seat was redone a few years ago, it is firm and very comfortable, the covering fabric is a beautiful burgundy velvet and is also in good condition. Dimensions: Backrest height 112.5 cm, seat height 49 cm, width 64 cm, seat depth 59 cm,
