Description

Wrought iron iron with ingot - 18th centuryComplete iron, presence of its ingot.Its originality lies in its decoration at the level of the feet of the handle supports and the "twisted nipples" fixing the wooden part of this handle. The passage of the ingot is very narrow.Each handle support is of square section.The wooden part seems to be later.Object in perfect condition, no lack.See the detailed photos which are more telling than any text.
