### Description

Large pair of lamps made of porcelain vases that were mounted as oil lamps around 1880-1900 then with electricity around 1960. Made in Japan they are in porcelain called Kutani\*, enameled in black, red and gold, the decorations in the main cartouches represent letters and immortals in the Chinese style. The work is considerable, there is a multitude of details to observe, in egmfet the 4 main decorations are different. Ready to operate, the lampshades are different but delivered separately in another package. The bronze mounts are Chinoisant/Japonisant/japonism style and would need to be cleaned. Delivery possible in several chronopost for: France 120EUR Europe 200EUR Others 250EUR
