## 18th Century - Saint Anthony - Gold Ground Miniature Under Glass

300 EUR

Period : 18th century

Condition : Bon état

Material : Glass

Width : 3.2

Height : 3.7

### Description

Miniature under glass depicting St. Anthony with the Child in his arms, painted in oil on a gold background.

The small glass plaque is rounded, so that the image appears deep and alive.

The sweetness of the representation is remarkable, where the tones of the background and the light touches of red, white and green of the flowers contrast in an ensemble that is both simple and precious.

The gold background highlighted at the base is the exaltation of the precious simplicity and quality of the work.

Excellent condition: the painted part is protected by a protective paper to prevent the delicate painting from being scratched.

Minimal scratches on the edge.
