

Medieval Coin Weight In Engraved Bronz Inlaid In Silver

250 EUR

Period : Before 16th century

Condition : Bon état

Material : Bronze

Width : 2.3

Height : 2.3

Description

Exceptional medieval bronze coin weight bearing the inscription IHS inlaid in silver. The letter I is inscribed inside a Templar cross. All around the Christogram there is a circular decoration of a wheat ear, enriched in the 4 corners of the weight by stylised dot motifs, probably leaves. The decorations are hand-engraved and the silver inlays, although slightly hollowed out, are still legible. Dim. cm 2.3 x 2.3
