Description

Tuscan chest of great taste, in fir wood, around 1700. Coeval bells, lock and key. In excellent condition, the chest is completely healthy and functional. Rustic and very decorative object. On the lid there are signs of a decoration made with a compass, not very visible as it was probably unfinished due to a change of heart by the craftsman. The wood knots left in evidence are beautiful. Dimensions cm 27 x 16.5 x 10.5 H
