

80s Design Table Glass Metal And Travertine

2 700 EUR

Period : 20th century

Condition : Très bon état

Description

Very beautiful, high-quality table from the 80s. The glass top is cut on the edges with a pretty beak of corbin, the foot is in travertine and the base in metal, with a volute design reminiscent of that of Poirat. The model is very elegant, very beautifully made, surely from a great house like Jansen. The dimensions of the top are: 240 long, 120 wide and 76 high.
