Description

19th or 20th century? Pair of fountain sconces mounted as luminous sconces in bronze with green patina, depicting a dolphin entwined around a trident itself framed with reeds. An identical model adorns the wash-house fountain (second quarter of the 19th century) of Poncey-sur-l'IGNON in Côte d'Or. Electrically mounted. Weight: 12 kilos each, or 24 kilos for the pair. The light arms need to be readjusted. Or removed if you want to restore their original use. Dimensions: 85 x 27 centimeters
