

19th Century Well Fitting

850 EUR

Period : 19th century

Condition : Bon état

Material : Wrought iron

Width : 90 cm

Height : 2,35 m

Description

19th century well fitting with its pulley. Height 2.35 m, spacing of the 2 uprights facing each other 90 cm (if the edge is 30 cm wide the internal diameter of the well is 60 cm. For a larger well, it will be necessary to have the part which connects the 3 uprights and in which the pulley rod fits redone by an ironworker). Diameter of the pulley 20 cm section of the irons 2.8 x 2.8 cm. Good condition.
