### Description

Large & bright impressionist painting from the 1930s-1940s which represents a landscape of the south of France by the sea with a fishing village...The painting is signed lower left but the signature is difficult to understand / see details of the photos...note: on a technical level it is a very well-made work, which suggests the presence of an excellent artist and certainly a painter of the Provençal School...indeed, the generous impasto of the colors and its beautiful luminosity are quite characteristic of the Provençal style... - note a few missing pieces, here and there, without real consequences on the quality of the work and quite basic to correct / details of the photos - Canvas size: 73 cm x 60 cm Frame (stamped A.Goude): 97 cm x 85 cm - ask me for other photos if

necessary -
