Description

This work makes us think strongly of Lucien Lafaye (1895-1976) although the sculpture does not bear any sign, it is made of molded glass, it represents a delicate female face. The whole thing weighs a lot. For the condition, we note on the back three non-through shocks in the mass, a small shock with a small lack of glass, small chips. Our photos allow you to appreciate the quality of the object. For the condition, please detail the photos. Do not hesitate to zoom. The photos are an integral part of the description.
