Height : 16,5 cm (6,5 in)

### Description

This exquisite Adler music box, crafted in Germany around 1900, is an exceptional example of the musical craftsmanship of its time. Designed for interchangeable 21 cm discs, the piece is made of mahogany, whose rich tone adds elegance and warmth to its design. The box is in magnificent condition, showing only the usual signs of age that enhance its authenticity. Despite having two missing teeth in the comb, it functions optimally, producing a clear and enveloping melody that captures the spirit of a bygone era. The internal mechanism of this piece is a testament to the technical ingenuity characteristic of Adler, a brand renowned for the quality of its music boxes. The inclusion of two original discs adds extra value and versatility, allowing a unique musical experience each time it is used.

This item not only offers musical delight but also serves as a high-impact decorative piece, perfect for a living room or study, bringing a touch of history and sophistication to any space. With its timeless design and excellent state of preservation, this music box is an ideal investment for collectors and lovers of mechanical music from the past. Dimensions: 25 x 23.5 x 16.5 cm (9.84 x 9.25 x 6.5 in). History of Adler: Founded in Germany, Adler was one of the leading manufacturers of music boxes during the late 19th and early 20th centuries. Known for their mechanical precision and innovative designs, the brand specialized in mechanical musical instruments that quickly became essential elements in the homes of the European bourgeoisie. Adler music boxes are highly valued for their sound quality and durability, making them highly sought-after collectibles. This box, crafted circa 1900, represents a golden era for the company, during which it reached the pinnacle of technical and artistic
