

19th Century Saint Sauveur Pedestal Table From Arras

1 200 EUR

Period : 19th century

Condition : Très bon état

Material : Wrought iron

Diameter : 80

Height : 71

Description

Superb wrought iron pedestal table from the Saint Sauveur factory in Arras around 1880.

Exceptional condition. For the first time in 25 years, I was able to purchase this pedestal table, which has retained its original paintwork without ever having been repainted. Probably kept indoors for almost 150 years, it is in its original condition. With some wear to the paint, it was painted in a faux bois style.
