Description

A very rare console, because there are almost no examples in the furniture of this short period between Louis XV and Louis XVI in Italy. The finesse of the movements on a neoclassical base shows us the high quality of neoclassical furniture in Naples rather the kingdom of Caserta. With a very beautiful miniature in the oval reserve on the front. Lacquered in old white with carved and silver decorations in "mecca" style. "Giallo di Siena" marble top. Naples ca. 1780 HD photos will be available
