

Pair Of Modernist Candlesticks In Gilt Metal, Handcrafted, Circa 1960-1970

380 EUR

Period : 20th century

Condition : Bon état

Material : Brass

Width : 42-45 cm

Height : 60-62 cm

Description

Elegant pair of six-light metal candlesticks with a matte gold patina. Their organic structure with irregular, sinuous stems evokes the shape of a stylized tree, in a very sculptural spirit. The raw finish gives the whole an authentic charm and a beautiful presence. Rounded base. Handcrafted, probably Belgium or France, 1960s-1970s.
