Description

Antropomorphic Mask with Goatee - Nepal, Middle Hills
The mask has a very pretty old brown and shiny patina as well as signs of use. This mask seems to be very old, probably 19th or early 20th century. Face with incised headress. A goatee is symbolized by horsehair, held on the chin by a piece of cut and studded metal. PROVENANCE: Acquisition at the auction ""Art of the Peoples of the Himalayas"" 07/10/2019 at Millon Artprecium (Paris) Ex French private collection 26cm X 22cm
