Description

Baluster Vase with Flared Rim on Pedestal by Le Verre Français - "Chêne" Pattern This elegant baluster-shaped vase with a flared rim and pedestal base is made of multilayered glass, acid-etched to reveal the "Chêne" décor. The decoration features stylized oak leaves and acorns arranged in clusters, rendered in a deep, glossy brown powder finish. Subtle touches of green powdered glass appear near the base. The marbled background shifts beautifully from orange-pink to yellow tones.
