

Straw Marquetry Calendar

300 EUR

Period : 19th century

Condition : Bon état

Material : Wood marquetry

Diameter : 23,5 cm

Depth : epaisseur 2 cm

Description

Today we present a curious object, since it is a Vendée calendar with four different functions, days, months, year and date. It is covered with straw marquetry. It would seem that it was developed in 1879 because this part is fixed and cannot be activated. We sell it in its original form for lovers of Popular Art. Weight 410 gr (E25)
