The golden ornamentation on the edges of the sofa and the base of the figurine underscores the craftsmanship of French artisans from the late 19th century. The techniques employed in this figurine include meticulous hand painting and detailed relief work that brings the textures of the textiles and facial expressions to life. The dimensions of the figurine are 26 cm long (10.23 in), 17 cm wide (6.69 in), and 18.5 cm high (7.28 in), making it a perfect centerpiece for any collection or interior decoration. Although the figurine has been slightly restored on the lady's foot, this antique restoration is barely noticeable and does not detract from the piece's beauty or value. The oval base, also decorated with gilded details, ensures the stability of the figurine while adding an extra touch of elegance. This artwork is not only a testament to the mastery of 19th century French artisans but also an investment in beauty and history. Don't miss the opportunity to acquire this magnificent porcelain figurine that will surely be a treasure in any collection.
