

Two Round Black Wood Frames And Convex Glass Napoleon III

180 EUR

Period : 19th century

Condition : Parfait état

Material : Painted wood

Diameter : 15.5 cm

Description

Here in perfect condition with their original convex glasses, a pair of round frames in black profiled wood with gilded brass rims. In a typical style of the Second Empire, these empty frames will perfectly receive two portraits, photographic or painted, but these models with convex glasses were also often used for hair creations, to present medals or even relics. Can be sold individually. Diameter of the view 10 cm Shipping in France and internationally, contact me for the
