Description

Elegant oval extendable table in mahogany wood, dating from the early 20th century. The veneered mahogany top measures 110 x 139 cm when closed and can be extended to a maximum length of 270 cm. The original extension leaves are missing but can be custom made. The table stands on four turned and fluted legs in Louis XVI style, with metal mounts at the top of each leg. These mounts were likely originally gilded, though the gilding has worn away; restoration is possible upon request. Two central support legs unfold when the table is extended (currently without casters, which can be replaced if desired). Structurally sound, with a solid frame and stable joints. The tabletop shows signs of wear and scratches consistent with its age and use. It can be used as is or restored, either
