Description

Although this is a very classic French frame model, its originality lies in its horizontal format, known as Italian. These frames were then intended for photographs of newborns presented on a cushion and were far from being as common as the vertical models. The chamfered glass is in perfect condition and is fixed in the structure of the frame by a spring system. Late 19th century. Dimensions for the photo: 6.5 x 10 cmShipping in France and internationally, contact me for terms
