Description

Léon de Pas - 'Female Nude', bronze sculpture, circa 1980. Somewhat in the manner of Alberto Giacometti, Léon de Pas's bronze sculptures are characterized by a direct modeling technique. He works the material in a very expressive way; the surfaces remain rough, they seem almost fragile and at the same time full of tension. Beautiful work in beautiful condition. Packaging and delivery costs to be expected: Collection: Free For Belgium: EUR20 For France: EUR40 For Europe: EUR60 For the rest of the world: EUR150
