Description

Superb oil on canvas signed lower right by Jean Hennau, a former renowned Master Glassmaker, also an accomplished painter and visual artist. This work, measuring 54 x 44 cm, captures the delicacy and poetry of twilight through an undergrowth, where slender trees with thin, ribbed branches stand out against a luminous sky with warm orange hues. Hennau, faithful to his sensitive approach to nature, combines precise touches for the vegetation with an atmospheric blur that reveals the burning horizon. The whole evokes both the tranquility and the mysterious density of forest landscapes as the day fades.
