

Designer Floor Lamp.

680 EUR

Period : 20th century

Condition : Bon état

Material : Glass

Description

This 70s design floor lamp consists of two thick glass plates, mounted in a V, ending at the top and bottom with a bronze (or brass) base. These two parts are themselves connected by a brass tube. The light works with a dimmer. Certainly an Italian work. Height: 178cm. Width (base) 23cm. The whole is quite heavy.
