#### Description

"Catavinos" or bernegal. Silver. 20th century.  
"Tembladera" type vase with two circular handles decorated with very simplified plant elements and a scalloped body reminiscent of the so-called "de bocados" pieces. Bernégales and tembladeras de bocados were common pieces in 17th-century Spanish goldsmithing, generally relegated to somewhat less important centers in the 18th century. During the 19th and 20th centuries, it was common in goldsmithing and the rest of the arts to draw inspiration from past styles to create numerous pieces, such as this one. Weight: 151 gr. - Size: 15x11.5x7.5 cm
