Description

Rare and beautiful low cup with a pearl bronze base decorated with cabochons of semi-precious stones of four turquoises in pearl bronze frames. This pretty Italian cup from the 19th century is sculpted and polished in a beautiful milky alabaster, and is decorated at its top with wave motifs with bourlet. Fleshy and very balanced, carefully made in a pretty material with the beautiful ornamentation of a fine stone on the four parts of its equidistant and very appropriate body, it constitutes a beautiful ornament in empty pocket, decorative and in perfect condition. A beautiful example of refined craftsmanship from the Napoleon III period...
