### Description

- Oil on canvas.- A magnificent painting conceived in the joyful and elegant spirit of the School of Paris. Imitating the wild and unbridled arrival of spring, a woman arranges a vase of flowers like a fragrant microcosm while witnessing the explosive flowering of the cherry trees in the neighboring garden. A pictorial poem of undisguised emotion, an aromatic hymn to the benefits that April and May bestow on the senses, this painting not only presents a privileged composition, sensitive to symmetry and the elementary rules of chromaticism; It also opens our wall to the frenzy of spring.- Dimensions of the unframed painting: 50 x 60 cm / 65 x 74 cm with magnificent frame.- Galerie Montbaron attaches to all its lots a technical sheet drawn up by a qualified art historian.
