

## 19th Century Italian Sculpture - Boy With A Cornucopia

249 EUR

Period : 19th century

Condition : Bon état

Material : Solid wood

### Description

Dimensions: 33 x 12 x 12 cmMaterial: Carved and polychrome woodDelicate 19th-century Italian sculpture of a child holding a cornucopia, a classical symbol of prosperity and fertility. The piece is finely carved in wood and features an original polychrome finish, with soft earth tones and gilded details that reflect the mastery of Italian sculpture workshops of the time.The figure, with a serene expression and dynamic posture, conveys a sense of innocence and joy. The cornucopia, rendered with great realism, contains floral and fruit motifs carved with meticulous precision.A work of decorative and symbolic character, ideal for collectors of religious art or classical sculpture.Good condition, with an authentic patina that attests to its age.
