Description

> DescriptionThis luminous 1975 floral still life captures the fleeting beauty of freshly gathered blooms in a richly expressive, Impressionist manner. Painted with confident brushstrokes and a lush, impasto texture, the composition bursts with vibrant yellow, orange, and blush pink flowers arranged in a decorative blue-and-white vase. The cool, slate-blue background adds a sense of tranquility and refinement, allowing the blossoms to radiate warmth and optimism.Signed and dated in the upper right corner and inscribed verso, this original oil painting offers both aesthetic charm and collectible appeal. The artist's expressive handling of light and texture evokes the poetic elegance of classic Impressionist still lifes, making it an ideal centrepiece for both traditional and contemporary interiors.>
