### Description

Elegant, finely chiseled bronze bowl, decorated with a perched bird in the center, surrounded by foliage, flowers, and clusters of berries. The twisted handle, decorated with tendrils and leaves, underlines the naturalistic inspiration typical of Art Nouveau. The base rests on three leaf-shaped feet. Refined work, probably European or Japanese-influenced, dating from the late 19th or early 20th century. Beautiful old patina. Dimensions: 30 x 26 x 30 cm
